

DOGAI

INTRODUCTION

DOGAI is creating an entire AI defi ecosystem with the most advanced AI tools on the market. It's a new cryptocurrency birthed by fans & members of the Shiba Inu community. DogAI is named before ELON MUSK tweets about DOGE + AI.

DOGAI is working on several utilities :

- *Chat & Image AI generator
- * NFT collection AI Generator
- *Full DEFI Dapp including Staking, buy crypto with cards and many more and our core product innovation is our DOGAI MarketCap.

DOGAI is focused on building real utilities around the strongest community ever seen.

We back it up with action. We take our community efforts very seriously. To rewards the early adopters, DOGAI is doing an AIRDROP of 1% of the total supply, which will be offered to holders holding a minimal of 6 Billions \$DOGAI.

SOLUTIONS & GOALS

DOGAI is a revolutionary meme coin developing major utilities, by creating an attractive ecosystem including the most trendy features of the market.

We have different goals:

1 - DogAI Chat & Image Generator

DOGAI is developing an unbiased AI which will be available to the public for free. Not only Chats, you'll also have the opportunity to create awesome images generated by our artificial intelligence.

We believe that our AI will be a valuable resource for anyone looking to take advantage of the latest advances in artificial intelligence technology. And best of all, our AI will be available to the public completely free of charge. So whether you're a student, a business owner, or just someone who's curious about the latest AI developments, we hope you'll check out our AI and see what it can do for you.

SOLUTIONS & GOALS

2 - DogAI NFT collection generator

DOGAI is developing a premium feature never seen yet, its own NFT collection generator. Our AI can generate different types of images, based on your requirements. You can choose the number of images for your NFT collection, for now the maximum is set to 1500.

This feature is exclusively available to DOGAI holders, as a premium service.

3 - DogAI DAPP & Staking

DOGAI DAPPS is going to include several utilities to serve our community and create the gap to mainstream adoption.

-Staking : Stake your \$DOGAI token to earn up to 15% APY

-Buy Crypto with Fiat: You'll be able to buy \$DOGAI or other cryptocurrencies in just some clicks directly on your wallet, with your credit cards.

- AI Auditor: Our Own AI can analyse any smart contract and give you an unbiased analysis on the security of the smart contract. An important tool to make sure you are buying a safe and secure token.

SOLUTIONS & GOALS

- DogAI SWAP & CHARTS : Buy and Sell any crypto directly on the DOGAI DAPP, check the charts and trading history.
- Live new PAIRS : Our AI will gather all new pairs on our page so everyone can see the last tokens on the market.
- Portfolio tracker: Manage, analysis your portofolio with the most advanced decentralised portfolio tracker.
- Watchlists : Add your favorites tokens to your lists and keep up to date with the news and price actions of your favorites tokens.
- Token FOMO: Have a look on every Token deployed in the last 24 hours.

4 - DogAI MarketCap

DogAi MarketCap is an innovative platform created to allow users to benefit from the power of AI. Through he use of AI, DOGAI will offer innovative financial services such as market prediction, portofolio management, and trend analysis. \

The platform will include several innovative and premium features wich will be available exclusively for the \$DOGAI holders.
